

Three large, dark blue diagonal bars are positioned across the middle of the page, slanted at approximately 45 degrees. They are arranged in a staggered, overlapping fashion, with the first bar on the left, the second in the middle, and the third on the right, extending from the bottom left towards the top right.

**A Group of companies would
like to introduce itself**

The ACD Group would like to introduce itself

ACD is an owner-managed company group and is one of the leading technological service providers in the electronics segment.

The ACD Group provides hardware and software solutions in the portable devices and applications sectors for trade and logistics, mobile applications and control panels for industrial electronics, EMS and drive technology.

Business Activities

- Portable Devices for Retail, Logistics and Welfare
- Industrial Electronics: Mobile Applications and Control Panels
- EMS for producing industries
- Drive Technology: Solutions for requirement-optimised drive electronics

Certifications

- ISO 9001
- ISO 14001
- ISO 13485

The ACD Group consists of

ACD Elektronik GmbH

ACD Elektronik GmbH
Development and manufacture
of mobile devices and mobile
applications in the field of
industrial electronics

ACD Antriebstechnik GmbH

ACD Antriebstechnik GmbH
Development of requirement-
optimised drive electronics

ACD Systemtechnik GmbH

ACD Systemtechnik GmbH
Electronic manufacturing
services (EMS)

ACD Czech s.r.o.

ACD Czech s. r. o.
Electronic manufacturing
services (EMS)

ACD USA Inc.

ACD USA Inc.
Service and Sales

Establishment of the ACD Group

1976

Establishment of ACD Elektronik GmbH in Achstetten

1981

Prototype development of a mobile data collection device

1991

Establishment of ACD Systemtechnik GmbH in Neustadt (Orla)

1996

Establishment of ACD Antriebstechnik GmbH in Neustadt (Orla)

2010

ACD Systemtechnik receives the Thuringian State Prize for Quality

2012

Andreas Zwißler becomes the new Managing Director of ACD Elektronik GmbH

2015

Establishment of ACD Czech s.r.o. as a new production location

2016

Establishment of ACD USA Inc. as Sales office

2018

Development of Handheld Data Terminal M2Smart® with patented slide mechanism
