

## Control technology

### Machine control panel MST01049A50S01

The machine control panel with Sercos II or CANopen enables user-friendly and clear machine operation. It is designed for machine-level operation. The buttons are labeled with symbols and text. The customer keys and rows of direction keys can be labeled. For this purpose, appropriate foil strips are inserted from the rear. A labeling film (A4) for laser printers is included.

## Technical Data

### MST01049A50S01

#### Conformity

Machinery Directive	2006/42/EC
EMC Directive	2014/30/EU

#### Rated data

#### Power Supply

SELV or PELV	24 V DC
--------------	---------

#### Mounting

on front of control cabinet  
(Clamping devices included)

### Interfaces

#### Controls

- emergency off button
- Key switch
- Latching rotary selector switch (feed override, spindle override)
- 49 control buttons with LED

#### communication modules

- Sercos II
- CANopen
- RS232 for firmware update

### Dimensions Machine control panel MST01049A50S01

Device	Weight [kg]	Height [mm]	Width [mm]	Depth [mm]
