

Three large, dark blue diagonal bars are positioned across the middle of the page, slanted at approximately 45 degrees. They are arranged in a staggered, overlapping fashion, with the first bar on the left, the second in the middle, and the third on the right, extending from the bottom left towards the top right.

**A Group of companies would  
like to introduce itself**

## The ACD Group

We are an owner-managed group of companies and one of the leading technological service providers in the electronics segment.

In the fields of portable devices, EMS and drive technology for logistics, industry and trade, we supply hardware and software solutions.

## Business Activities

- Portable Devices for Logistics, Industry, Retail and Welfare
- Industrial Electronics: Mobile Applications and Control Panels
- EMS services and device assembly in the manufacturing industry
- Drive Technology: Solutions for requirement-optimised drive electronics

## Certifications

- ISO 9001
- ISO 14001
- ISO 13485

HasciSE with hand cuff

M2Smart® SE

M2Smart® HMI10

## The ACD Group consists of

ACD Elektronik GmbH

Development and manufacture of portable devices and applications in the field of industrial electronics

ACD Antriebstechnik GmbH

Development of requirement-optimised drive electronics

ACD Systemtechnik GmbH

Electronic manufacturing services (EMS)

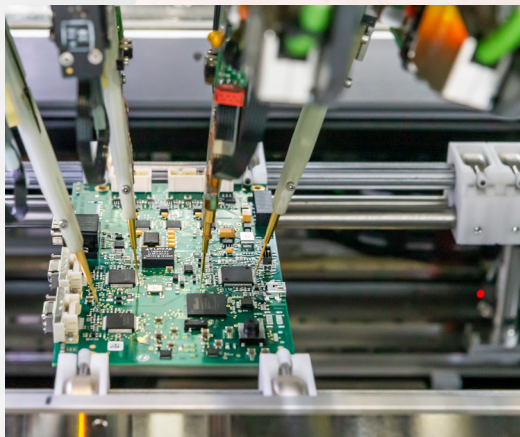

ACD Czech s.r.o.

Electronic manufacturing services (EMS)

ACD USA Inc.

Service and Sales

## Establishment of the ACD Group

**1976**

Establishment of ACD Elektronik GmbH in Achstetten

**1981**

Prototype development of a mobile data collection device

**1991**

Establishment of ACD Systemtechnik GmbH in Neustadt (Orla)

**1996**

Establishment of ACD Antriebstechnik GmbH in Neustadt (Orla)

**2010**

ACD Systemtechnik receives the Thuringian State Prize for Quality

**2015**

Establishment of ACD Czech s.r.o. as a new production location

**2016**

Establishment of ACD USA Inc.

**2020**

ACD Elektronik wins the German Innovation Award and the IF Design Award for the M2Smart®

Development in Achstetten

Drive and control technology

Safety-Panel „SP200“

Our locations - Worldwide

Germany & Czech Republic
